

Sponsorship

The VLSI-TSA and VLSI-DAT Symposia are the premier international events that bring together the best in device design, components technology and automation systems sciences in an environment of technical exchange and state-of-the-art innovations. The 2019 VLSI-TSA and DAT Symposia will be held at the Ambassador Hotel Hsinchu, Taiwan, during April 22-April 25.

In 2019, VLSI Symposia will invite LETI to discuss the future of computing. Besides, the symposium will cover the hottest topics right now: IoT and 5G. IBM Research will talk about the applications in health care and IoT and ITRI's 5G Technology Program Office will discuss 5G chips and systems. In addition, we have invited Carl Zeiss SMT GmbH to address the status and perspective of EUVL optics and ARM Taiwan to give a talk on VLSI design for autonomous driving system. World-renowned experienced specialists and scholars will discuss the current status, application and challenges of related technology in the two joint sessions, covering the topics related to 5G: From Systems to Devices and Future of Memory: From Storage to Computing. Furthermore, there are more than 150 speeches and paper presentation in six seminars, which are open to all of the attendees to select. For researchers interested in the semiconductor IC Design and Fabrication, they will have more opportunities to learn and connect with each other.

In order to make VLSI Symposia glorious successfully, contribution and sponsorship from industry is highly appreciated. We are here to ask for your favor of sponsorship. In return to your generosity we will offer benefits of free admission to this conference. Please see the benefits in accordance with the amount of contribution shown below. For more information of conference, please visit our symposia websites at :

<http://expo.itri.org.tw/2019vlsitsa> for VLSI-TSA

<http://expo.itri.org.tw/2019vlsidat> for VLSI-DAT

Amount of Sponsorship (TWD) Benefits	30,000 (or above)	50,000 (or above)	100,000 (or above)
Free admission for one attendee	•		
Free admission for three attendee		•	
Free admission for ten attendee			•
One additional free admission for every additional TWD 10,000 to VLSI-TSA or VLSI-DAT symposium		•	•
Company brochures displayed	•	•	•
Company's logo shown on a wall curtain at reception area		•	•
Company's video displayed at reception area		•	•
List on Advisory Committee			•
Company's name shown on program book	•	•	•
Company's website to be hyperlinked		•	•
Company's information shown on half page of program book			•

*Free admission is acceptable to both VLSI-TSA or VLSI-DAT.

Sponsorship Agreement

Amount of Sponsorship: TWD _____

Company Full Name	English		
	Chinese		
Advisory Committee (with the amount TWD 100,000 and above)	Name and title (English):		
	Name and title (Chinese):		
Contact		Title
