

Sponsorship

The International Symposia on VLSI-TSA and VLSI-DAT are the premier international events that bring together outstanding experts in device design, components technology and automation systems sciences in an environment of technical exchange and state-of-the-art innovations. The 2020 VLSI-TSA and DAT Symposia will be held at the Ambassador Hotel Hsinchu, Taiwan, during April 20-April 23.

In 2020, Dr. Zhiyong Ma, vice president in the Technology and Manufacturing Group at Intel Corporation will be invited by the VLSI-TSA and VLSI-DAT Symposia to give a keynote speech on Failure Analysis. Furthermore, Dr. Earl McCune, CTO at Eridan Communications, will introduce 5G mmWave IC Technologies. By sharing their point of view and long-term experiences on professional field, these lectures could be very inspirational. The 2020 VLSI-TSA and VLSI-DAT symposia also include various hot topics, such as Chip for Performance Computing, Medical Electronics related to the topic about Artificial Eye, Low Dimensional Materials and Devices, Power Electronics, the application for these technologies and the challenge to develop. Last but not least, Dr. Mark Ritter, chair of Council of Physical Sciences at IBM, is going to talk about the new form of Industry “Quantum Computing”, discussion on “Edge-related Computing” will also be included in the joint plenary session. Don’t forget there are plenty of joint special sessions and special sessions, making the whole event inspiring and fruitful. Also, more than 100 speeches and paper presentations in numerous seminars open to all the attendees. It provides a unique opportunity to network with VLSI leading experts on the aspects of IC manufacturing and design.

In order to make the symposia on VLSI-TSA and VLSI-DAT a grand success, contribution and support from industry is highly appreciated. We are here to ask for your favor of sponsorship. In return to your generosity, we will offer benefits of free admission to this conference. Please see the benefits in accordance with the amount of contribution shown below. For more information of conference, please visit our symposia websites at :

Amount of Sponsorship (TWD) Benefits	30,000 (or above)	50,000 (or above)	100,000 (or above)
Free admission for one attendee	•		
Free admission for three attendee		•	
Free admission for ten attendee			•
One additional free admission for every additional TWD 10,000 to VLSI-TSA or VLSI-DAT symposium		•	•
Company brochures displayed	•	•	•
Company's logo shown on a wall curtain at reception area		•	•
Company's video displayed at reception area		•	•
List on Advisory Committee			•
Company's name shown on program book	•	•	•
Company's website to be hyperlinked		•	•
Company's information shown on half page of program book			•

**Free admission is acceptable to both VLSI-TSA or VLSI-DAT.*

TSA Sponsorship Agreement

Amount of Sponsorship: TWD _____
