

VLSI

2021 International Symposia on

Technology, Systems and Applications Design, Automation and Test

April 19-22, 2021 Hsinchu, Taiwan

Tips for Virtual Networking Platform of 2021 VLSI-TSA and VLSI-DAT Symposia

Virtual Networking Platform

- Access the Virtual Networking Platform:
 - TSA: <https://meeting.vmi.tw/tsa>
 - DAT: <https://meeting.vmi.tw/dat>
- Please log in with your email and registration number (same as in the registration notice letter).

Virtual Networking Platform Instructions

- This virtual networking platform will be open from April 19 to April 30, 2021. All schedule is in Taipei Time (GMT+8).

- **Live Sessions:**

1) This year, the Symposia build a new event experience to give participants a better engaging opportunity. This event page allows participants to view the following sessions *Live* online. Click “” to navigate the live sessions:

- Joint Opening & Award Ceremony
- Joint Plenary sessions (J1, J3, J6)
- Joint Special Sessions (J2, J4-1, J4-2)
- Joint Luncheon Keynote (J5)

2) Participants of virtual conference can post questions through WebEx chatroom during live Q&A.

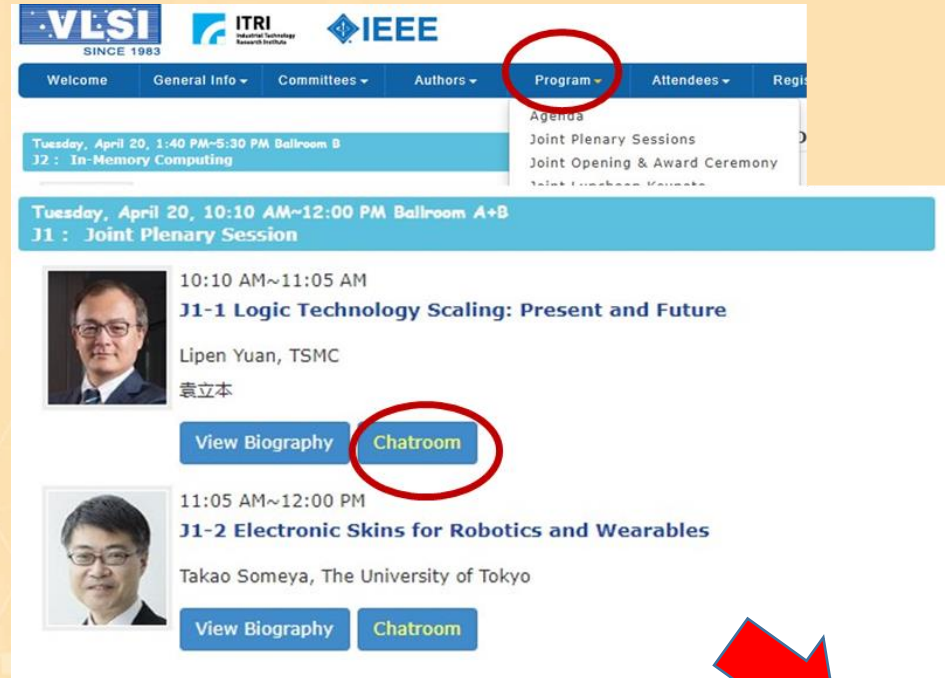

- **Virtual Chat Room:**

The **Chat Room** creates a platform for participants to network with leading experts worldwide. After viewing presentation, participants can go to the **Chat Room** below (click “”) and post your questions for each paper.

To establish effective engagement, audience are suggested to post your questions on the chat room **before 18:00 (GMT+8)** on the speech day. Authors/speakers are encouraged to reply to the questions **during 4/19-4/23 (GMT+8)**.

Virtual Chat Room : 4/19-4/30

- **Step 1** : Visit Program page of the conference website and click “Chatroom” button, or
Scan the QR code on the session board to access the Chatroom.
- **Step 2** : Login with your email and registration number.
- **Step 3** : Click  to enter the Chatroom or reach out to speakers via email.

The screenshot shows the conference website header with logos for VLSI, ITRI, and IEEE. The navigation menu includes 'Welcome', 'General Info', 'Committees', 'Authors', 'Program', 'Attendees', and 'Registration'. The 'Program' dropdown menu is open, showing 'Agenda', 'Joint Plenary Sessions', 'Joint Opening & Award Ceremony', and 'Joint Plenary Sessions'. Below the menu, the program for Tuesday, April 20, is displayed. The first session is 'J1: Joint Plenary Session' from 10:10 AM to 11:05 AM, titled 'J1-1 Logic Technology Scaling: Present and Future' by Lipen Yuan, TSMC. The second session is 'J1-2 Electronic Skins for Robotics and Wearables' from 11:05 AM to 12:00 PM by Takao Someya, The University of Tokyo. Both sessions have 'View Biography' and 'Chatroom' buttons. The 'Chatroom' buttons are circled in red.

The screenshot shows a session board with a header row containing 'Session', 'mail', and 'Chat'. Below the header, there are three sessions listed. The first session is 'Live session: April 20, 2021, 10:10-12:00 (GMT+8)' with a 'Chat' icon circled in red and a red arrow pointing to it. The second session is 'J1: Joint Plenary Session'. The third session is 'J1-1 Logic Technology Scaling: Present and Future' by Li-Pen Yuan, TSMC. The fourth session is 'J1-2 Electronic Skins for Robotics and Wearables' by Takao Someya, The University of Tokyo. Each session has a 'mail' icon and a 'Chat' icon.
